Agent Priority Contact Telephone Numbers

ARCHIVE

All tax Offices have an Agent Priority Telephone line, which is essential as contact via the usual numbers is often impossible due to the fact that these public lines are so busy.

Please note that the Inland Revenue has a constant review process of offices, and are continually changing details, and that this information is liable to change without any notification being available. HelpAccountants will do its best to ensure that details are kept up to date, but if new information is available that we have not captured, please contact us, via help accountants e-mail, and will we ensure that we action any changes ASAP.
